The books of all the branches were examined, but no entry of the letter in question could be found

Submitted to the Registrar

The several Branches and the Issue Clerk have all noted again that the letter referred to by the Comptroller has not been received. The Issue Clerk however tells me that a clerk in the Comptrollers office went to him the other day and asked him if he was the clerk who received all letters addressed to this Secretariat, and that on his replying in the affirmative he was shown some initials in a book [illegible] book

No 6442. Office of the Comptroller, Mysore Government

Dated Bangalore, the 3rd June 1906.

From

Rai N G Basu Bahadur, M A,
Comptroller, Mysore Government

To

B.K.Venkatavarada Iyengar, Esq.,
Secretary to the Government of Mysore,
General and Revenue Departments

Sir,

I have the honour to acknowledge the receipt of Government order No 10055-8/(491-05) dated the 29th March 1906 sanctioning the payment from State Revenues of the Municipal taxes for Purnaprasad on the ground that the Dewan is entitled to an official residence

I have the honor to request that I may be kindly furnished with a copy of the order of Government laying down that the Dewan is entitled to an easement as above

I understand that the late Messrs RangaCharlu and Sir Sheshadri Iyer occupied while holding the office of the Dewan, Government buildings for their private residence, and that Government remitted the rent due from those distinguished occupants The payment of Municipal Taxes on the Dewan's own house is met from General Revenues as a sort of set-off against the expenses to which Government would otherwise have been put- if the Dewan were to be supplied with free quarters

I respectfully submit that this vague and indefinite way of measuring the states liability in respect of the easements of the highest officer in the State is not a satisfactory arrangement The money value of the concession will be very different in the case of different Dewans and if the obligation to supply free quarters at the cost of the State is admitted, claims to charges other than the Municipal Taxes can very fairly be preferred against Government For instance, a Dewan residing

n his own house can claim the cost of the wear and tear his house during the period of his office

I venture therefore to suggest that the present opportunity may be taken to definitely lay down the exact emoluments and easements of the Dewan It will be understood that this suggestion is made in the interest of definite financial arrangements If, as I presume, the intention is not to accept the liability to supply free quarters to a Dewan but to pay to him what he thinks fair to claim from His Highness as his due, it is in my respectful opinion better that the claim should be commuted into a fixed annual cash payment for the future, and the best arrange ment will be to stop these easements and take everything as included in the pay

I have the honor to be,

Sir,

Your most obedient servant,
